

PARKING & TRANSIT SERVICES

Accessible Policy Revision: Visitors

Section IX-Visitors revised effective August 1, 2016, with a new section labeled “G” reading as follows:

Use of an accessible parking placard for visitor parking requires proof of a valid placard/plate to obtain a UT accessible parking permit. This permit is valid in all marked campus accessible spaces and all campus unreserved spaces and has no fee. The visitor must display both the University issued permit and the State issued handicap placard or license plate in their vehicle.
