## All charter bus requests are now coordinated by Parking & Transit Services

**Parking & Transit Services has taken over from Fleet Management charter bus requests and here is how we serve the campus community:**

- Help you determine what you need
- Contact vendors and secure the lowest price
- Narrow options for what you can afford
- Facilitate university billing
- Convey details to trip coordinator to communicate to your participants

### Special note for 2022-23

Securing buses is dependent upon the availability of vehicles and bus drivers. So far this year, the demand is outstretching the available resources.

### **T bus charters are only available for weekends**

T buses during the week are committed to fixed routes for the 2022-23 academic year.

### **Vehicles chartered through Parking and Transit Services enables you to leave the driving to a professional driver!**

All charter estimates will include the fees for preparation and cleanup time.

### **Our approved vendors:**

- maintain their vehicles to the highest standards
- drivers have been thoroughly screened, including background checks
- ensure a safe, reliable trip for your group
