

Construction/Repair Impacts Parking Announcement

Date: August 21, 2023

Parking Lot repairs continue on west side of Andy Holt Tower

Work will continue into the fall semester to repair the parking lot. Will provide updates as we progress. We expect most of the top level to reopen by early to mid-September.

If you arrive at Staff 30 and there are no spaces in either of the garage areas or the surface, please go to Circle Park and they will provide you a courtesy permit to park in another area.
